

STUDENT COMMENTS

The following comments were made by past students about the MIL-STD-1553 Seminar.

- "Clarified some misconceptions."
Bob, Baltimore, MD
- "Right stuff."
Dale, Edwards, CA
- "Gave better perspective for writing software."
Lisa, Washington, DC
- "Hands-on lab sessions pulled it all together."
Doug, Ft. Worth, TX
- "Our group communication greatly improved by nailing down proper terminology."
Robert, Palmdale, CA
- "Deals with the heart of matters."
John, Ontario, CA
- "Really helped our team effort."
Brandon, Albuquerque, NM
- "Vendor literature and product guides greatly appreciated."
Susan, Patuxent River, MD
- "Turned on the light in the gray areas."
Manuel, Corpus Christi, TX
- "Much better than most classes I have had."
Calvin, Jacksonville, FL
- "Immediately addressed the hang-ups I was experiencing."
Randy, Cherry Point, NC
- "Labs are very effective."
Warner, East Aurora, NY
- "I solved four specific problems in the three weeks following the seminar."
Mark, Orlando, FL
- "Straight forward."
Mike, Philadelphia, PA
- "Lab exercises extremely beneficial in allowing us to combine theory with hands-on."
Beverly, Albuquerque, NM
- "Do's and don'ts really appreciated."
Eric, Sierra Vista, AZ
- "Perfect timing for my application and design."
Hao, San Jose, CA
- "Value added with instructor's expertise."
Lloyd, San Diego, CA
- "Leroy Earhart is excellent."
Ken, Indianapolis, IN
- "Clear and concise."
John, Warner Robbins, GA
- "Obviously on top of the standard."
Larry, Marietta, GA
- "Some of the best technical training I've ever received."
Lisa, Huntsville, AL
- "Outstanding."
Rick, Trenton, NJ
- "Really tied the loose ends together."
Kathy, Point Mugu, CA
- "Instilled confidence."
Trish, Lexington Park, MD
- "This is a very good seminar."
Mike, Bohemia, NY
- "Now I'm much better prepared for the job."
Bill, St. Louis, MO
- "Seminar very informative."
Maytha, Huntsville, AL
- "Enabled me to coach or help my colleagues with their problems, upon returning to work."
Steve, Phoenix, AZ
